

➡ A Soldier was killed in a motorcycle crash Oct. 11 at approximately 1700 local on Fort Knox, Ky. The Soldier was riding his 2006 Kawasaki motorcycle with the right of way at an intersection when he collided with a 2009 Chevrolet Equinox that turned into his path of travel. He was airlifted to a local hospital and died a short time later. The Soldier was licensed, wearing all appropriate personal protective equipment and had attended required Motorcycle Safety Foundation training.

#### **Safety Reflection**

• *Despite personal precautions, accidents do happen, but situational awareness and paying special attention to driving all help mitigate risks on the road. Things happen fast out there, and riders have to be prepared for them.*

**Remember the acronym SEE:**

**SEARCH for potential hazards.**

**EVALUATE possible hazards such as turning cars, railroad tracks, etc.**

**EXECUTE proper actions to avoid hazards.**
